Wholesale Nurseries

CABLE ADDRESS:
HJORTSOE SVEBOELLE

Representative in the U.S.A.:
John K. Maus
16 Rose Lane
Philadelphia 18, Pa.
Telephone: Whitemarsh 8 - 3490

TELEPHONE: VISKINGE 25
ESTABLISHED 1896

August 1949

List of nursery stock,
grown in our own nurseries, available for export to the U.S.A. and Canada,
during fall 1949 and spring 1950.

Our nursery stock this season is of exceptionally high quality, as the weather conditions here this year have been ideal for perfect development of the plants. Export shipments are hauled by motor trucks direct from our nurseries to the port of Copenhagen, from where fast freighters leave for eastern U. S. and Canadian ports on a frequent sailing schedule. We are therefore in a position to effect prompt deliveries of orders to the U. S. A. and Canada.
All shipments are carefully packed in wooden boxes. The prices quoted below are c. i. f. eastern U. S. or Canadian ports and include packing.

			Price per 1000 c. i. f. eastern U. S. or Canadian port, packing included, U. S. or Canadian Dollars:	Minimum shipment (may be combined with other similar stock)
			Inches:	
Acer campestre:	1 yr. seedl.	4— 8	10.00	30.000
